Steelman, Union Heads Seek Key to Rail Peace

Choppy seas dash waves of water over the boat which rescued three Navy fliers during maneuvers in the Mediterranean. The fliers were flying a torpedo-bomber from the USS Valley Forge when their plane crash-landed. They are shown attempting to board the destroyer USS William C. Lawe, which sent out the small boat for them.

U. N. Votes to Appoint Mayor for Jerusalem

NEW YORK, May 6 (AP)—The United Nations approved today the appointment of a neutral mayor for Jerusalem. The special Palestine assembly of the 58 nations then turned over to its political committee the urgent task of finding an adequate police force to back him up.

The vote was 35 to 0. Seventeen countries abstained.

The Jerusalem mayor, or commissioner as he is technically called in the assembly records, would be appointed by the British high commissioner for Palestine before the British terminate their mandate May 15. He would have to be acceptable to both Jews and Arabs.

A spokesman for the U. S. delegation here said delegation members are talking constantly with Jews and Arabs to try to find some method of agreement to stop the fighting in the Holy Land.

SENATE PASSES 70 GROUP PLAN

WASHINGTON, May 6 (AP)—The Senate, sizzling with talk of a "Communist-threatened world," today approved by a landslide 74 to 27, a \$3,233,200,000 measure to build a 70-group Air Force.

Only Senators Taylor (D-Idaho) and Cain (R-Wash.) voted against it.

The legislation now goes back to the House, which passed an almost similar bill, 343 to 3, for action on a few minor Senate amendments. Little trouble is expected in reaching a compromise between the two.

Then the final bill goes to the President for his signature or veto.

THE AIR FORCE was so confident of presidential approval that it announced late today it will immediately start plans to buy 2727 new planes. These include 243 bombers, 1575 jet fighters and 909 reconnaissance, transport, training, rescue and liaison aircraft.

About 627 will be for delivery by January, the balance by July 1950.

The Air Force said the new appropriations, which bring the total allotted to the air arm to \$1,937,000,000, are a down payment on a five-year program designed to modernize the 70-group peacetime air force by 1953.

The new planes will consist of Boeing B-50's, the Republic B-24 thunder jets, the North American B-45 4-jet bomber, the Curtiss-Wright P-51 4-jet all-weather fighter, North American P-86 jet fighter and the improved Lockheed P-80.

TRUMAN ADVISOR HOPES TO WARD OFF U. S. STRIKE

President Keeps Silent On Emergency Action to Assure Lines' Operations

WASHINGTON, May 6 (AP)—President Truman said today the full strength of the administration and all available resources of the law are being thrown into an effort to head off the threatened railroad strike.

He is trying to keep the peace, he told a news conference — trying to keep the country running.

He said he has done and is doing everything possible under the special law which governs the disputes of railroad workers and management.

John R. Steelman, the President's assistant on labor matters, was present at the news conference. A short time earlier, Steelman had met with W. T. Farley, president of the Association of American Railroads, in a surprise session at the White House.

STEELMAN HAS a date at 10 a. m. tomorrow with the heads of three key operating brotherhoods which have voted to strike next Tuesday morning.

Although such a walkout could tie up the whole country in a very short time, Mr. Truman had a definite "no" for a reporter who asked whether the Office of Defense Transportation had been alerted to seize the railroads.

The President declined to comment on reports of numerous embargoes on perishable freight and orders for layoffs of railroad non-operating personnel in anticipation of the threatened strike.

ANOTHER REPORTER recalled that Mr. Truman advocated the induction of railroad men into the military service at the time of the rail strike in 1946. When asked whether the same legislative proposals might be put forward this time, the President said, let's wait and see.

Invited to the conference with Steelman were: Albany Johnston, grand chief engineer of the Brotherhood of Locomotive Engineers; David B. Robertson, president of the Brotherhood of Locomotive Firemen and Engineers, and A. J. Glover, president of the Switchmen's Union of North America.

All sent word they would be at the meeting.

Charles G. Ross, presidential press secretary who announced the conference, declined to say whether any definite proposal would be presented to the unions.

ONLY NINE days are left before the British give up their mandate over Palestine. The assembly met at Flushing Meadow park today with every delegate talking about the need for immediate action.

France and Russia rejected a scheme, first backed by the United States, to put Jerusalem under a U. N. mayor without any assigned police. The U. S. during the afternoon agreed that force must be provided from some source and urged that the political committee study a French proposal for a special international police force of at least 1000 hand-picked men.

The U. S. was said to feel that 1000 would not be enough to handle the situation. But beyond that the U. S. comment on the French plan was somewhat reserved.

Jefferson School Mibsters Open Mercury Meet Play

The Jefferson school was the first to take advantage of sunny skies yesterday to get the Mercury's 1948 National Marbles tournament under way.

The effects of Wednesday's heavy rains still were felt on most of the runs throughout the area. Clarence C. Yocom, Junior High school physical education director, said the rings at the school were, as he termed it, "a swamp."

Although the Jeffersons turned out in full force, they too were hampered by wet grounds and it was impossible to run off a full class to determine classroom champions. Other mibsters knuckled

New Masonic Officers at Ascension Day Rites

Resplendent in their traditional uniforms and plumed hats, members of the Knights Templar of Nativity Commandery 71 attended special services last night in the Trinity Reformed church in observance of Ascension Day. Newly-elected officers included (left to right) Raymond W. Stoots, generalissimo; William E. Powell, commander; and George S. Haas, captain general. The commandery held a social program in the Masonic Temple, King and Franklin streets, after the church service.

Masonic Group Attends Rites of Ascension Day

One hundred fifty members of the Knights Templar of Nativity Commandery 71, and of the Ladies' auxiliary, attended services in Trinity Reformed church last night as Ascension Day was marked in both Protestant and Catholic churches here.

The Knights, in their dark braided uniforms and white plumed hats, then went to the Masonic home, at King and Franklin streets, for a social hour.

Ascension Day was a holy day of obligation for Catholics, and special masses were celebrated in all Catholic churches, marking Christ's ascension into Heaven after his resurrection.

Pupils of St. Aloysius Parochial school had a one-day holiday yesterday.

IN THE TRINITY Reformed church, the Rev. John B. Frantz, pastor, delivered a sermon on "Singing Songs of Expectation," and the senior choir sang two anthems.

Vernon D. Johnson, musical director of the church, took charge of the program.

Alcohol Distilling Unproved; Fined \$200 for Possession

NORRISTOWN, May 6—The Criminal court trial of Vincent Grimm Sr., Pottstown, for illegal manufacture and possession of liquor, came to an abrupt end this afternoon.

After the Commonwealth had presented its case to Judge William F. Dannehower and a jury of 11 women and one man, Attorney William A. O'Donnell Jr., defense counsel, entered a demurrer as to the charge of manufacture.

O'Donnell pointed out to the court that the prosecuting attorney had failed to bring out any evidence of manufacture and, therefore, the charge should be dropped.

Judge Dannehower sustained the demurrer, after which O'Donnell advised Grimm to plead guilty to the charge of possession inasmuch as a gallon jug, partly filled with alleged "moonshine whisky," was found in his cellar.

Grimm followed the advice and was ordered to pay the costs of prosecution and a fine of \$200.

THE FIRST WITNESS for the Commonwealth today was Chief of Police James A. Laughhead who told the jury that on Jan. 17 Fire Chief Richard Landauer turned over to him a gallon jug containing a quantity of amber-colored liquid.

On the witness stand yesterday, Lindauer said the jug, along with parts of a still for the illegal manufacture of liquor, was found in the cellar of Grimm's home at 1115 Sembling avenue, Pottstown, after a fire.

Laughhead explained that he gave the jug and its contents to Louis Kaplan, an enforcement agent for the State Liquor Control board.

THE AGENT TESTIFIED that, when he later questioned Grimm and his son, he was told that the still was an unused antique. The jug of liquor, Grimm is alleged to have told Kaplan, was bought from an unidentified person.

Kaplan was followed on the witness stand by Abner O. Miller, chief clerk and chemist for the district attorney's office. He said that an examination of a sample from the jug showed that the liquid contained 42.4 percent alcohol by volume.

Kaplan had described the liquid as "moonshine whisky."

Yesterday afternoon, the glass jug containing the liquor exploded in the court room and most of it was lost on the floor. What remained was exhibited today in a new container.

Bechiel Is Re-Elected To Treasurer's Post By County GOP Unit

NORRISTOWN, May 6—Earl B. Bechiel of Pottstown, was re-elected to the post of treasurer of the Montgomery county Republican committee tonight in Norristown City Hall.

Bechiel who is Montgomery county prothonotary, will begin serving his third consecutive year term as treasurer.

In a brief, streamlined reorganization session, during which there was no opposition to any of the nominees for posts in the county GOP organization, State Senator Lloyd H. Wood was re-elected to his fifth term as chairman.

Flagg Workers Get Pay Boost; Layoff To End Next Week

Full resumption of production at the Stanley G. Flagg company, Stowe, will begin Wednesday, it was announced last night.

Six hundred workers, who were laid off the past April 26 because of soft coal and pig iron shortages will start full-scale operations and five days later will start to receive higher wages at the pipe fitting plant.

According to Stanley P. Elliott, plant personnel director, and James H. Corum, president of Local 2526, United Steel Workers of America (CIO), wage negotiations between management and workers were completed successfully yesterday.

An increase of 7 cents an hour for hourly workers and 5 percent for incentive workers will take effect May 17, subject to union ratification of the plan on Sunday, May 16.

A special meeting will be held that day at 7:30 p. m. in CIO hall, King street, to allow the union members to vote on the proposed increase.

ONLY TWO MEETINGS were necessary to draw up the new wage scale, Corum said. They were held yesterday and the past April 26. Although the contract between the Flagg plant and the union will not expire until May 15, 1949, a wage reopening clause allowed discussions of pay to begin this year.

The 600 workers who will come back to work Wednesday represent three-fifths of the plant's strength. Approximately 400 men were kept on during the past ten days. They were employed mainly in the brass foundry and repair shops, and in maintenance and repair work.

A few departments of the plant will open Monday, Elliott said last night, but the majority of the men will not return until two days later.

APPROVAL OF THE plant's wage boosts will be sought after union leaders return from the Steel Workers convention, to be held in Boston, Mass., from May 11 until May 15.

Local 2526 members who will attend the convention will include President Corum; Clarence Matz, financial secretary; Levi Burdian, a member of the grievance committee, and Raymond L. Wilkinson, treasurer.

They will leave Pottstown Sunday and return when the convention is completed in time to be present at the local's special meeting.

Fund Raising Events Planned by Firemen

Plans for future festivities highlighted meetings last night of the Philadelphia Steam Fire Engine and the Empire Hook and Ladder company.

Ralph Marino Hooks president, said two events are planned to raise funds for a new engine.

There will be a festival in the fire hall July 16 at which hot dogs, cake and ice cream will be sold to members and guests and the company will present an indoor circus at an unspecified date.

Kenneth Fryer chairman of the apparatus committee, will be in charge of the affairs.

Marino presided at the meeting attended by 49 members.

About 50 members of the Philies will go to Rally June 5 to direct an apparatus housing celebration for the Good Will Fire company there.

Later, in July, members also will participate in a house parade in Columbia it was announced.

Henry G. Schmoer, president, was in charge of the regular session which saw 17 candidates accepted and 19 proposed Sixty-five attended.

CAR HITS LIGHT POLE

C. Norton Rupert Jr. of Pottstown RD 4 told Pottstown police last night that as he was backing into a South Hanover street parking place, his car struck a light standard knocking off its globe.

Mr. Bechiel is the prosecutor. The warrant was issued and bail set by Justice of the Peace Richard H. Cadmus, of the Seventy ward. Was arrested last night at his home by Sgt. Daniel J. Lutton and Motor Patrolman Lewis Borziet.

Most Broken Homes Blamed On Emotional Immaturity

Emotional immaturity on the part of husband or wife as the cause for most broken homes, Dr. Frank D. Watson, sociology professor at Haverford college, Haverford last night told the annual board meeting of the YWCA.

Dr. Watson father of four boys and 30 members the marriage and psychiatrists agree that many families break up for one or more emotional reasons which basically are caused by emotional immaturity.

42 Pre-School Tots Examined at Norco In Health Roundup

The Summer health roundup of the North Coventry school district yesterday was the largest ever to be held in the past six years, Mrs. Albert L. Trego, school nurse, announced.

Forty-two boys and girls who will enter North Coventry schools in September were examined for physical and dental defects and for the condition of their eyes.

"We really were satisfied by the results of the examinations," Mrs. Trego said. "Most of the children were in good health. A few tonsils which will have to be removed were the only things we found wrong."

The examinations were conducted by Dr. George M. Longaker Jr., school physician, Dr. Joseph E. Tagert, school dentist, and Dr. F. F. Meyers, Pottstown optometrist, in the school auditorium.

They were assisted in the health roundup, a State-wide Parent-Teachers' association program, by a committee composed of Mrs. Paul Grim, Mrs. Francis Wampler, Mrs. Earl Leary, Mrs. Daniel Jones, and Mrs. Trego.

Altoona Airman Killed As Jet Plane Crashes

QUONSET, R. I., May 6 (AP)—A jet plane pilot returning from what the Navy described as the first mass landing of jet fighters on the deck of a carrier on the East coast was killed here today.

Commander Ralph Rouss of Altoona, Pa., was approaching Runway 5 at the Quonset Point Naval air station for a landing, when a Navy spokesman said — his single plane fighter rolled on its back at 500 feet and the tail fell off. The craft crashed in the water 2000 feet from the end of the runway.

Sixteen jet planes had flown this morning from Quonset to the aircraft carrier Salpan, 50 miles off Newport to participate in the mass landing operations covered by 60 reporters, camera and newsreel men from Boston, New York and Washington.

The Navy said Rouss was in his late thirties.

A Needed Raise

PUBLIC recreation in Pottstown stands at the crossroads.

The public recreation program, already inadequate for a community this size, faces collapse or retardation unless additional funds are obtained.

One source of appropriation is the Pottstown school district.

While already harassed by rising costs and rising salaries, the school district should see the necessity for increasing the appropriation to the recreation department.

The school district has tax-raising powers. The recreation department has none. The school district has exercised those powers by putting into effect an occupation tax. Now it should share some of the gain with the recreation department.

The recreation department has been receiving \$5500 a year from the school district. It now asks \$8000. That is a mere pittance compared with the good it is doing in Pottstown.

Supervised recreation is as important to youth and to Pottstown as supervised education. The two go hand in hand, for they build sound bodies and sound minds. Both are great deterrents to juvenile delinquency.

Because they are corollaries in the making of good citizens, the school directors should not quibble over the appropriation of \$8000. It should be granted willingly to the recreation department.

A Need for Repeal

(See Editorial Cartoon)

POTTSTOWN housewives, as well as housewives everywhere, have been watching closely the fight to repeal oleomargarine taxes in Washington.

The Mercury the past week polled Pottstown merchants to see if the repeal of taxes would mean much of a saving to the woman in the kitchen. They said the new legislation will do little to lower the cost of margarine to the consumer. But they did acknowledge that it will make it easier for the housewife to buy colored margarine. It should lead to repeal of similar legislation in Pennsylvania.

It should inspire state legislation to protect the public against margarine sold as butter. Correct, conspicuous branding of the package should suffice.

The story of the margarine-butter fight is a sordid story. It is alarming. It reveals how easy it is for selfish special privilege groups to dominate government and work against the best interests of the people as a whole.

Basically the record of the margarine fight is the old story of the battle of vested interests against technological change. It is the story of Petrillo's fight against recorded music. It is the story of the building trades unions fight against new materials and methods that lessen building costs. It is the story of a determined lobby—the dairy farmers—protecting their advantages on the one hand and on the other denying the public the full economies permitted by scientific progress.

There was a time when margarine was an inferior substitute for butter. In its modern form, oleomargarine is not a substitute for butter. It is synthetic butter.

Eminent nutrition experts have proven that margarine, properly fortified, has about the same nutritive values as butter. It can be produced and sold at considerably less than the cost of butter. Most people prefer butter sufficiently to pay a higher price. But the price difference should be determined by natural competitive factors, not by law.

In its natural state, margarine doesn't have the yellow color of butter. But much butter doesn't have that color naturally either. The dairy interests admit that much butter is artificially colored. Yet they sponsored legislation penalizing artificially colored margarine by heavy federal taxes. In many states there are state taxes in addition to the federal taxes. These should go the way the National legislation is going — into oblivion.

Milk Finally Drops

ITS only for two months, but that's a step in the right direction. We mean reducing the price of milk in Pottstown one cent a quart May 1.

It is only natural that a reduction in the price of milk should come at this time. It is Spring and that's the season of the year for an over-production in the supply of milk. Cattle herds move out into pasture and feed bills are somewhat reduced, especially as compared with required winter feeding.

Testimony, looking to the reduced milk price for two months in Pottstown and vicinity, was taken at Reading some weeks ago, with the dealers favorable to a reduction. In fact, throughout the state dealers offered no objections to a reduced price.

Maybe the lower rate can be continued longer than in only May and June.

Adult Delinquency? No Wonder

To the Editor: I read in today's Mercury of the 16-year-old girl bringing suit against her two men companions.

Any girl who would consent to such a date has declared her moral code to the males. How could she have been surprised at their conduct?

She has some nerve—admitting traveling from bar to bar. And what about the places that sold a minor drinks?

For my money there are about as many minors adding to the delinquency of adults as vice-versa.

To the Editor: We hear a lot of talk about cleaning up the restaurants. But it's boiled down to mere regulations for inspecting our food handlers for disease.

I agree with those who say we need a law that would prevent a restaurant from laying out silverware that has been merely chased through the dish water and beer glasses that are smeared with lipstick.

Let's make our law all-inclusive. Then enforce it!

Honk! Honk! Honk!

To the Editor: Pottstown drivers are the world's worst. I've been in 35 of the 48 states in the Union, but never did I see a town where the drivers lean on their horns and barrel through intersections. They seem to think that a loud, long honk of the horn gives them the privilege of running down the nearest pedestrian.

The boys who dodged Jap bullets in the Pacific tell me it wasn't as dangerous over there as it is crossing one of Pottstown's intersections on foot. I believe it.

Source of Alarm

To the Editor: While we are banging away at the iron curtain of Russia, have we permitted the growth of a political curtain at home, from behind which we cannot get the facts that our democracy is in great danger now... except through gossip columnists? Have we no honest, intelligent statesmen, among those on our government payroll to keep us informed and prepared and alert? Must we be informed on such serious subjects by a gossip columnist on an advertising program whether our country's safety is at stake?

Are the citizens of the United States expected to take seriously the warning of an impending crisis from the master of juicy small-talk, impending divorce, blessed-events, orchids and scallions, served with Ham Street jargon?

The Worry Clinic

By DR. GEORGE W. CRANE
GERALD B., 27, is employed as a factory foreman.

"Dr. Crane, I have been referred to you for vocational guidance tests," he began.

"It seems to me that I am in the wrong job. Oh, I make pretty fair wages, but I have read that people ought to obtain happiness in their work, and I can't say that I am in love with my job."

"I'd like to know the one and only job which I am out for. So can you steer me into my proper line of work?"

TOO MANY PEOPLE in this world think they must fall in love with their jobs and get as much exhilaration therefrom, as they receive from wives and sweethearts.

This is a sad mistake, and provokes much unhappiness. Much of the work of the world must be done simply because it is necessary.

And we who are doing it may feel no overwhelming fervor about our particular cog on the big wheel of modern industry or commerce.

In the first place, a job is primarily a source of financial income so that we can underwrite the expenses of our home.

If we can thus handle our duties with reasonable efficiency and success, meanwhile obtaining an equitable wage for so doing, then we should worry little about "love for our work."

For with our pay check we can then buy the sources of inspiration and pleasure which we crave in order to be happy adults. We can take our sweetheart to a movie, or buy an automobile for our family. We can go on a vacation trip and join a lodge or social club.

Through the church and fraternal orders, books or hobbies, we obtain the happiness of life. Supplemented with our love for our family, we should then be normally delighted with life.

It isn't necessary to become so enamored of your job that you sit down and compose love ballads about it, or shout its virtues wherever you go.

The soundest bit of vocational guidance I can offer you is this: pick the best job now open, and give it your honest efforts. But keep your eyes open meanwhile for better offers.

If you can't find anything but cleaning windows or dishwashing, take what there is and apply the Golden Rule. Give full measure. You will not spend your life washing windows if you have more ability than is demanded by such simple muscular work.

And don't believe the present popular adage that there is a "one and only" job for which you are best suited. You can handle many jobs with ease and efficiency.

Moreover, though you may not be fitted for secretarial work today, if you refuse to be dissuaded, you may become a speed typist in a year and make yourself well adapted for such work.

You are NOT predestined for any one job in life. It is true, we psychologists can test and measure you, so that we can steer you away from certain occupations for which you are mentally incompetent.

But an intelligent adult with normal sense organs, can become adept at any kind of work, if he is willing to pay the price in study and technical training.

WASHINGTON

Leading Demos Prepare Big Eisenhower Boom

By RAY TUCKER

WASHINGTON, May 6 — Prominent politicians of at least four Southern states have notified their agents here that General "Ike" Eisenhower regards himself as a Democrat and will accept that party's nomination for the White House if it comes to him in the form of an honest and unsolicited draft.

As a result, the boom for the European war commander is more alive now than ever before, and it may be unrivaled within a few weeks at a board of strategy meeting in the Deep South.

Alabama is expected to play a key role in the plan to sweep the Democratic convention with the supposed magic name of Eisenhower as Taft, Dewey and Vandenberg delegates were stamped by the Wendell Willkie whirlwind at the GOP's 1940 convention.

Should this lead-off state yield to Kansas for offer of the general's name, it is believed that nothing can stop his nomination. Under such circumstances, it is the current understanding that he would accept.

WINNER: The leaders of the revived movement maintain that they bear no particular personal animosity toward President Truman. Their attempt to shove him aside, they insist, is not inspired by resentment against his civil rights program so much as it is by their desire to propagate a winner.

In fact, they hope that certain mutual friends on Capitol Hill will use their good offices to induce Mr. Truman to retire gracefully, or at least not to express or exhibit any resentment at the Kansans' preference.

Word of this arrangement and the proposed get-together of Eisenhower tacticians in the South has apparently reached Democratic headquarters at the Capital. It accounts for National Chairman J. Howard McGrath's recent statement that, in advancing his anti-lunching, anti-poll tax and anti-segregation measures, President Truman "did not intend to invade the constitutional rights of Southern states."

The McGrath amendment represents almost a complete backdown on this question unless it draws an unexpected repudiation from the White House.

LIBERAL: The Democrats' shift toward General Eisenhower coincides with a developing lack of interest in him on the part of the Republicans. He has not run well in any of their primaries and his name is no longer mentioned as a possibility at their private huddles.

His dwindling appeal, if any, to the GOP warbirds does not derive alone from their belief that they can win with almost anybody else. November. It stems from their discovery that he considers himself a "liberal" in a Rooseveltian sense on basic economic questions.

Behind-the-scenes operators, who are not necessarily politicians, have made it their important business to check up on his general philosophy of life, politics and government.

Their study was prompted by remarks he is reported to have uttered here at a private dinner sponsored by a Washington and Allentown (Pa.) hostess for a newly elected Representative from that state.

While General Eisenhower did not denounce his capitalist colleagues, including Senators Taft and Vandenberg and ex-Senator Austin as violently as some second-hand pundits would have it, he convinced his listeners that, in thought and theory, he is not their kind of Republican.

"The Democrats can have him, if they need and want him," is the revealing comment of key Republicans on his supposed presidential availability.

BERLIN: It may not be without political portent and significance that the present talk of General Eisenhower's presidential prospects has been accompanied by an unofficial defense of his surrender to the Russians, as his enemies refer to the incident, during the last hours of World War II. Never before, in so much detail, have the reasons for his permitting the Red Army to capture Berlin been told as they have been by Army associates of the former chief of staff. Here is their version:

Almost three years ago to this day, the American and Russian forces began to make contact in Germany, with our spearheads standing at the juncture of the Mulde and Elbe rivers, only fifty-five miles from Berlin. We could have encircled and seized Hitler's capital overnight, or long before the Russians got there. But our field commanders got word from Eisenhower to halt at that spot.

In the light of recent events, especially the current "battle of Berlin," our yielding to the Russians has been characterized as one of our worst World War II blunders. Possession of Berlin, an important railway and transportation citadel, will be of tremendous material and psychological advantage to an enemy in the event of another conflict.

AGREEMENT: The Army's current answer to the charge (it is also Eisenhower's) that the agreement for post-war allied occupation of Germany had been negotiated by former Secretary of State James F. Byrnes in October of 1944 (seven months before battlefield contact with the Russians) at the London conference of the Inter-Allied Commission.

We thought we were outsmarting the Reds by gaining their permission to occupy as much of Germany as we now hold. Our diplomatic and military experts had figured that the war would end before our troops reached the Rhine and that the advancing Soviet forces would then be in Berlin. Instead, Eisenhower's men, by mid-April, were nearest to the "kill."

The Elbe river, in view of the Byrnes agreement, was a logical place to halt. It saved time. It prevented a possible battlefield clash with Russian units. It enabled our troops on the right flank to pursue enemy forces in Southern Germany and Austria. Anyways, argues the Army, the decision to yield to Stalin was made by top-ranking diplomats, not by General Eisenhower.

Hollywood

By EDITH GWYNN

HOLLYWOOD, May 6 — We get mighty bored with hearing the results of this and that poll and often wonder if they mean anything anyway. Have YOU ever been polled? We've yet to meet anyone who has ever been called about anything—much less called about what radio program he or she was listening to. Just to illustrate some of that Hoover-poll hooley, Eddie Bracken phoned thirty people from his house the other night and said, "I represent the National Radio Survey—do you listen to the Eddie Bracken program?" Twenty people answered, "Sure — every week. "Bracken has been off the air seven months!"

Stanley Briggs, brother of Virginia Bruce, married Vilma Ebsen, sister of Buddy Ebsen, next month. Vilma is a well known dancer, herself.

LEE BOWMAN is finally getting a chance to bust out as a crooner in "My Dream Is Yours" (which stars Doris Day and Jack Carson) and it's about time! We hope they catch up with his hoofing too one of these days before he breaks a leg! Maybe you thought we were kidding when we itemed about the people who were working to perfect daylight movies that could be shown outdoors, etc. We note your yarn was featured in the public prints a few days later with inventor Jean Stelling being hailed in France as a "new Thomas Edison."

THEY'VE STARTED shooting on the new Sonja Henie picture, "Countess of Monte Cristo" and for the first time, spun glass is being used as snow—for the ice-skating scenes. For years the studios have used cotton or corn flakes to get the effect. But now spun glass is better, because it doesn't absorb moisture and freeze. Sonja and Bob Neal, a Moccabo two again which must be a big surprise to Diana Lynn, his supposed "steady date."

OUR BEST FALSE friend, Louella Parsons, is the subject of a big article that Dickson Hartwell is doing for Colliers... Kenney Washington, the Negro football star who zig-zagged to many a touchdown for UCLA, has been signed for an important role in "Rogues Regiment" which stars Dick Powell. Kenney would like to quit football for pictures altogether if he could get a break.

NOW THAT the Bill Hearsts have their divorce, the question is — will his next be "Boots" Cassini or Peggy Knudson? We're having an awful heat wave at the moment — sweltering in fact. So you can imagine how Gene Tierney and Ty Power knocked themselves out yesterday working indoors all day in heavy fur parkas for scenes in "That Wonderful Urge" — Jane Wyman doesn't speak a line in "Johnny Belinda" in which she plays a deaf-mute, but an "Kiss in the Dark" has opening dialogue is "You stinker! You hell!"

Ava Gardner and Howard Duff got over their huff very nicely in a cozy corner at the Tally-Ho, we noted.

JOBS UPON A TIME

At six Lillian Gish, actress, made her debut on the stage in "In Convict Stripes," at Ruston Sun, Ohio. Followed a year dancing in Sarah Bernhardt productions in New York, and in 1913, Lillian appeared with Mary Pickford in "A Good Little Devil," beginning a career on the silent screen in such classics as "The Birth of a Nation" and "Broken Blossoms." In 1930 Lillian returned to the stage in a number of original productions and since has "come back" to the screen.

Violinist Fritz Kreisler read music before he could read words. His father, an eminent Austrian physician, started him toward a musical career, and at four Fritz made himself a violin out of a cigar box. He gave his first concert at seven and was accepted by the Vienna conservatory in spite of his extreme youth. When ten he was sent to the Paris conservatory where he competed with musicians of twice his age, winning the premier grand prix. He made his first appearance in America in 1888, when he was 13. Returning to Europe he became an army captain. In World War I Kreisler was wounded and discharged, and wrote his book, "Four Weeks in the Trenches."

Voice of Broadway

THE MOST HECTIC romance in New York during the past few days was the quickie between none other than Milton Berle and Joyce Matthews before his departure for a tour... The district attorney's racket bureau soon will rock the front pages with the biggest rent gouging story to date. It will reveal that thousands of veterans had to pay "under the table" to get into two local housing developments.

Artie Shaw's new honey, Peggy Maley, has him so swoony he even waits for her at the Plymouth stage door... And when Artie waits at a stage door!... Milton Reynolds, the millionaire pen manufacturer, is on the verge of becoming the owner of a large Coast theater chain. The deal involves \$12,000,000... Ida Lupino and Collier Young, who reconciled recently, may pull an elopement any day... Weren't those the Crosbys looking at a house on Stewart Ave. in Garden City?

SIGNIFICANT LINE in Celebrity Service:

"Fred F. Finkbecker is in New York from Cuba. Ella Logan is en route to the West Coast... Paulette Goddard now wears an ermine coat to LUNCH! (Had it on at the Red Coach Grill just the other day)... Richard Ney's newest Hollywood thrill is Ruth Rader, who used to be a Broadway chorine... Washington hotels are back on almost a wartime footing, with all the people racing to the capital to get in on the ERP order bonanza... Clark Gable now taxis himself in a new midsize car—just room enough for his shoulders and Dolly O'Brien's snapshot... Dorothy Baker's new novel will, like her first and most successful effort ("Young Man With a Horn"), deal with the music world. It's titled "Our Gifted Son."

VINCENT PRICE, whose romance with Deanna Durbin hit an iceberg, is getting his pulse back to normal with Dr. Lorraine Kramer, a Coast physician. They met over a case of Virus X. (He had it, she cured it!)... Toots Shor now hangs in the Museum of Modern Art, thanks to a photo made of ringsiders at the Louis-Walcott fight — one of the features of the recent press exhibition... One of the newer bistros on 52d St. is being covered nightly by a squad of detectives. They're waiting for one of the performers (a lad with a bad reputation) to say the wrong thing... Greer Garson trills that her dates with Bud Fogelson, the wealthy Texan, are just gossamer things.

THE HUSBAND half of a recently reconciled Hollywood couple is starting to stray again, much to her embarrassment and annoyance.

The men who hate the New Look most of all are Fifth Ave. bus drivers. Lasses climbing upstairs trip on the long skirts, then blame the bus jockeys. Lili Damita Firrn and Kurt Krueger of the films are very warm for May... Is Don Baker, the Paramount Theatre organist for more than 12 years, leaving that post for a more lucrative job?... Irving Berlin will write one new song for "The Life Of Helen Morgan."

These other types of hemangiomas should be treated as soon as discovered. Since most of these marks are visible at birth, the first treatment should be given before the infant leaves the hospital. X-ray treatments seem to give the most satisfactory results for the majority of cases. There are many birthmarks which can be virtually obliterated in three treatments if the treatments are started within the first month of life. In some instances, radium is used instead of X-ray.

ALL AROUND THE TOWN

Don't Store Gasoline!... Sale of Homestead...

NEW PERIL AHEAD — Human nature being what it is, the prediction of a summer shortage of gasoline may cause Pottstown motorists to start storing gasoline in their garages and about their homes to make sure of having a supply come July. Don't do it! Fire Chief Richard E. Lindauer wouldn't like it! He'll tell you it's not only dangerous, but against the law... Six years ago Corregidor fell... Parker Grow Jr., who's taking over management of the Phyllis Anne Dress Shop in the Fall, got his start in The Mercury's editorial room as a copy boy!

SALE — Jimmy Allen, Pottstown real estate agent, has negotiated a deal for the sale of the Homestead Inn, on Route 422 at the Birdsboro turnoff. He has sold the nighterie for Theodore Scora to Warren H. Lmes, of Norristown... The measles of our childhood may be a more or less accepted disease, but when it attacks a community for the first time the results are something else again. For instance, when measles first were brought to the Fiji Islands by a British ship from Australia, out of 150,000 inhabitants of the islands, 40,000 died!

REALLY NEW — As common and everyday as the chair may seem to us, the Encyclopedia Americana states that chairs were not common until the 16th Century. Up until then, the use of chairs had been restricted to thrones and such, remaining a symbol of honor and power from early Egyptian days until the Renaissance. Ordinary folk had to be content with a stool or bench. The most famous of all chairs is that of Saint Peter at Rome, which is only exhibited once in a century... The Jupati Palm of South America has the largest leaf in the vegetable kingdom. While the trunk of the Jupati is only six or seven feet high, the leaves may grow 50 feet in length with a leaf stalk often 12 or 15 feet long. Just the thing to fan one's self with on a hot summer day!

Social Agencies Hear Plea to Forestall Service Duplication

The Pottstown Council of Social Agencies yesterday heard Lowell E. Wright, executive director of the Health and Welfare Council of Montgomery county, urge an interpretation of facts already accumulated by separate agencies to prevent duplication of services.

"A continuous job of fact finding is what we need," Wright declared, "but a new interpretation of present facts could mean a revolution in the social welfare field."

Wright stressed the accent of agency work should be placed upon prevention of conditions which bring about the need for social agencies. He termed this "the core of the job" to be done.

Dr. John B. Sherbon, Pottstown physician, told the council arrangements had been made by the Minute Men of the Chamber of Commerce and the YMCA to have chest X-rays given at the YMCA during the week of May 24. The X-ray facilities will be open to the public from 2 to 5 o'clock in the afternoon and from 7 until 9 o'clock at night.

Opera House Committee To Meet Before Council

A meeting of the Opera House committee of council will be held at 7:30 o'clock Monday night, half an hour before the council session begins, in borough hall.

This was announced last night by Allen K. Davidheiser, chairman of the committee. He said that a meeting of the group had been scheduled tentatively for last night, but that not all of the members were able to be present.

The group was created the past month to consider the possible purchase of the old opera house on King street, adjacent to borough hall.

Gum arabic was used in medicine at least five centuries before Christ.

Christian Businessmen Hear Speaker, Quartet

The Rev. Walter H. Smyth, executive of the Youth for Christ movement, Philadelphia, last night addressed a regular meeting of the Christian Businessmen's Committee of the Schuylkill Valley in the Clover Leaf restaurant.

Rev. Smyth's talk, entitled "Men Standing for God," came after dinner and singing by the 65 members present.

A male quartet from Boehm's Evangelical and Reformed church, Blue Bell, sang several religious numbers accompanied by Edward Schaeff on the piano.

Mrs. E. W. Holden, wife of the local chapter's president, accompanied group singing on the piano

as did Roscoe R. Ford on the slide trombone.

It was announced that the June 3 meeting will be held outdoors at the Norristown RD home of Percy P. Teal, chairman of the membership committee.

Folsom's New Bride Moves Into Mansion

MONTGOMERY, Ala., May 6 (AP)—A new first lady set up housekeeping at the governor's mansion today, pinching herself now and then "to see if it's true."

Swamped by telephone calls and telegrams, 21-year-old Jamelle Folsom busied herself with the task of moving into the mansion while her governor husband returned to his office.

"Big Jim" and his bride came back to Montgomery this morning after a one-night honeymoon at Lake Martin, a resort 35 miles north of the capital. They may take a longer wedding trip later, said Mrs. Folsom, a former state employee.

"We haven't decided yet just where or when we'll go," the brown-eyed brunette beauty explained. "But we'll probably take a short trip and take the children with us."

She referred to Folsom's two daughters by a previous marriage Rachel, 8, and Melissa, 5.

the third, he said, the adult should relinquish the childish world of make believe and face facts.

A child lives in the present, he continued. A mature person looks backward and, particularly, forward. Children also are flighty and easily upset in contrast to the emotionally mature.

He stressed that an adult's particular characteristic is the ability to accept responsibility—to give and take orders. With childhood one should leave behind the love of self or the exclusive love of one's sex which are typical of growing children. The adult seeks life with a mate.

The focused goal is an interest larger than oneself and adaptability implies flexibility over little things.

A grown-up conscience, he concluded is one which directs the adult but allows him to relax and enjoy life.

Traveler Speaks To Rotary Club

The Rev. Larman S. Sherwood, pastor of a Methodist church in Rotterdam Junction, N.Y., discussed his extensive travels throughout the United States at a meeting of the Pottstown Rotary club last night in the Elks' home.

Karl Schumacher, Rotary president, announced that next Thursday night's meeting, at 6:45 o'clock,

would be held in the Spring Mountain House, Schwenksville. At that time, the Pottstown club will join the Central, Perkiomen, Upper Perkiomen, Boyertown and Telford-Souderton clubs in an inter-city meeting.

Sears to Attend Meeting Of State Managers Unit

Borough Manager Dow J. Sears will leave today for Harrisburg to attend a two-day session of the Pennsylvania Managers association.

Although Sears will take no leading role in the meeting, he expects to attend a number of discussions of borough problems.

He will return to Pottstown tomorrow afternoon.

Sears also attended a convention of the American Water Works officials in Atlantic City, N. J., the past Wednesday.

At that time, he heard discussions of the rate structure in various municipalities, and of the use of sulphur compounds for joining cast-iron pipes used as water conduits.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Delinquent Licensees Get Borough Notices

A drive aimed at jukebox and pinball machine owners who are delinquent in their payment of borough licenses began yesterday. The license on each jukebox is \$15 annually, while that on pinball machines is \$25 each year.

Of 143 of the machines in the borough limits, the licenses for 1948 on 66 of them have not been paid, and notices went out from the borough manager's office yesterday to the delinquents.

No deadline for payment has been set by borough authorities, but under the licensing ordinance provision, a fine of \$5 to \$50 for each delinquent day could be imposed. Many owners who were called yesterday, however, came into borough hall immediately, and no difficulty in collecting the money was anticipated.

LADY'S ARM BENT UP DOUBLE LIKE A JACK-KNIFE

One lady recently stated that her arm used to become doubled up like a jack-knife. She couldn't move her arm up or down because her muscles were stiff with rheumatic pains and the joints of her elbow and shoulder were swollen. She said she was ashamed to leave her house because people would stare at her. Finally she got TRU-AID and says she now can raise her arm above her head and the swelling left her elbow and shoulder. The awful pain and stiffness is gone. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

TRU-AID contains Three Great Medicinal Ingredients which go right to the very source of rheumatic aches and pains. Miserable people soon feel different all over. So don't go on suffering! Get TRU-AID. Sold by All Drug Stores here in Pottstown.

UAW Breaks Off Talks In Chrysler Dispute

DETROIT, May 6 (P)—The CIO-United Auto Workers broke off wage talks with Chrysler corporation today and said a strike of 75,000 workers Wednesday "is inevitable."

The walkout, if called, will be the first major strike in the auto industry since the union's 113-day fight with General Motors corporation in 1945-46.

Wage negotiations were in a "hopeless deadlock," a union statement asserted.

WASHINGTON, May 6 (AP)—A dramatic new American attempt to stop the fighting in Palestine has been rebuffed by both Jews and Arabs, it was learned today.

But President Truman declared every possible effort is still being made through the United Nations to get the Holy Land crises settled.

IT SPECIFIED THAT: 1. The United Nations assembly's special session on settlement of the Palestine problem be suspended for ten days.

2. Both Jews and Arabs agree to a general cease-fire order for the ten-day period.

3. The British agree to extend their rule over Palestine for ten days beyond May 15, the date on which they now are scheduled to surrender their mandate.

4. President Truman should provide a special plane to transport to Palestine Jewish and Arab representatives and members of the Belgian-French-United States truce commission to negotiate a truce and report back to the general assembly at the end of the ten-day period.

Responsible officials said the Jews turned down this proposition in New York Tuesday night and the Arabs rejected it early today.

The British government took the position, according to American informants, that if the Jews and Arabs would agree to call off the fighting Britain would try to deal with the proposal.

U. S. Suspends Negotiations On Austrian Treaty

LONDON, May 6 (AP)—Four-power negotiations for an Austrian peace treaty were suspended indefinitely today on the initiative of the United States.

Austrian chancellor Leopold Figl said in Vienna that the interruption "destroys all our hopes for an early conclusion of the independence treaty."

The United States delegation here left the way open for new suggestions from Russia to keep the conference alive, but the day's developments indicated that the negotiations may be headed for the same sort of deadlock that obstructs the writing of a German peace treaty.

The suspension came as the foreign ministers deputies prepared to hold their 11th session on Austria. The deputies reassembled in February and have been meeting almost daily without reaching more than one definite accord on a major point—limitation of the Austrian armed forces to 33,000 men.

IT WAS SAMUEL Reber, the American deputy, who was to be chairman, who brought matters to the showdown stage by announcing he would not call another session unless new proposals were submitted on the questions of Yugoslav reparations and territorial demands on Austria.

Yugoslavia, supported by Russia, demands about 800 square miles of Austrian territory, a demand recently reduced from 1000 square miles, and \$150,000,000 in reparations.

The British, American and French objections to these demands remained firm, and Reber said he saw no useful purpose in holding additional meetings unless there were new proposals.

Congressman Says 2700 Soviet Spies Entered Country as Diplomats in 1947

WASHINGTON, May 6 (AP)—Twenty-seven hundred Russian spies came into this country as diplomatic agents the past year, Rep. Mundt (R-SD) said today.

Mundt made the statement in arguing successfully for early House action on his curb-Communism bill. The rules committee heard him and then scheduled House debate next week.

In saying that 2700 spies got in "under the guise of diplomatic immunity," Mundt did not give any details. He told a reporter later that many Communists are coming in each year, legally, on visitors' visas (permits to enter).

"Obviously part of their business is to act as a spy," Mundt said. "They are legal spies."

HE SAID THERE is nothing in the bill specifically limiting the number of visas to be granted Russians, but:

"If Congress makes its wishes known in this matter by passing this bill, I think the State department will limit the number of visas it issues."

Mundt's bill would make it unlawful to take part in any activity aimed at installing a foreign-controlled totalitarian government in the United States.

It declares that Moscow directs a conspiracy to dominate the world.

It also would require that the Communist party turn over a full membership list. The party and Communist front organizations would have to register with the attorney general each year.

Under the bill, Communists could not have Federal jobs. They could not be issued passports.

Czech Town Honors GIs

PILSEN, Czechoslovakia, May 6 (AP)—This industrial city broke out American flags today in a spontaneous, unofficial celebration of the anniversary of its liberation by the U. S. Third Army of Gen. George S. Patton Jr.

While official week-long celebrations were being held elsewhere in Czechoslovakia in honor of the Soviet army, the people in Pilsen and throughout the villages and towns north to Cheb and Karlovy Vary (Carlsbad) remembered what their government had ignored.

They remembered how Patton and his men of the Third Army had freed them of hated German rule. They remembered the laughing boys in uniform, many of them of Bohemian descent.

That was three years ago in the closing days of the war in Europe. The advance of Patton's troops into the interior of Czechoslovakia then was halted on an order from higher headquarters. The Russians had asked that the soldiers of the Third Army wait at Pilsen for Soviet troops to link up with them. Russia was to be given the credit for liberating Prague and Czechoslovakia.

In some places in Czechoslovakia today the red banner of the Soviet Union flew alongside the Czechoslovak tricolor. This was done at the behest of Interior Minister Vaclav Nosek, a Communist. He had urged that the Russian flag be required to fly on a number of Czechoslovak holidays.

BUT IN THIS industrial city the red, white and blue of Czechoslovakia was mingled with the Stars and Stripes.

The American flags were brought out after the people of Pilsen heap-

Populists, Liberals Agree to Reshuffle Greek Cabinet

ATHENS, May 6 (AP)—The Populist and Liberal parties agreed tonight to reshuffle the Greek cabinet.

Parliament has been suspended for one month, guaranteeing the existence of Liberal Premier Themistokles Sophoulis' regime until early June at least.

There was no guarantee when parliament would sit again. Before Sophoulis and Populist Vice Premier Constantin Tsaldaris agreed to suspend parliament, it was scheduled to convene next Monday.

While no U. S. representative of the American mission to aid Greece would sit so, Greek political sources said they understood the Americans favored the suspension because it would help the aid program.

There has been widespread belief, apparently shared by the Americans, that parliament would not give the present coalition cabinet a vote of confidence.

guests who jammed the auditorium.Evelyn Clapper, May Queen and
treasurer of the senior class, was
dressed in white for the ceremony.
She was crowned immediately after
the processional by Grace Baro,
second vice-president of the student
council.The honor of crowning the new
queen usually falls to the past year's
queen. But the '47 queen, Barbara
Fisher, could not leave her duties
as nurse trainee at Jefferson hospi-
tal, Philadelphia. Miss Baro got
the job because the president and
vice-president are both males.FERN REIGNER, maid of honor,
was dressed in yellow and the dozen
attendants, two per class, wore
dresses of pastel shades. They were
Bernice Egolf and Mary Zimmer-
man, '48; Freda DiGirolamo and

Mary Ann Cancelliere and Olga Zil-

rendered "From the Land of the
Sky Blue Water," the operetta,
"Laughing Star of Zuni," a com-
position with an Indian theme, got
under way.Between the two acts the band
and the Glee club presented "Ten
Little Indians" and "Indian Love
Song."After the final curtain, the queen
and her court danced to "Invitation
to the Waltz." The entire program
lasted an hour and a half.The only decoration in the hall
was a raised platform to the right
of the stage where Miss Clapper
and the court sat during the show.
The space was framed under an
arch and backed by lilacs.**Policewoman to Speak****To Church Women's Group**Mrs. Norma B. Carson, supervisor

'Daughters' Is Theme Of WSCS Program In Methodist Church

"Daughters in Many Lands" was the title of the program brought to members of the Women's Society of Christian Service last night at the First Methodist church. Mrs. Willard Maloney led the devotionals, while Mrs. David Mauger was in charge of the program.

The first portion of the program was a pantomime, with Mrs. Caroline Keim representing a daughter in The Netherlands, while the second portion was a playlet telling of a daughter in England with Mrs. Clarence Pike, Mrs. Marcus Myers and Mrs. Eugene Wing participating.

During the business session, at which time Mrs. John S. Merkel, president, presided, members planned to send two girls to mission Camp Innabahn, near Pughtown, for the month of July. It was reported that a new sink had been purchased for the church basement.

THE CHILDREN of the Church, under direction of Miss Alice Seldts, announced the purchase of \$22 worth of Bibles to be sent to China. The study course of the club will be held Wednesday at the home of Mrs. Sidney Graham, Sanatoga. The next meeting of the group will be held June 3 at the home of Mrs. Frank Siedts, Sanatoga, at which time the Children of the Church will present the program.

Refreshments were served by the following hostesses: Mrs. Paul Merck, Mrs. Henry Schneider, Mrs. H. W. Olevier, Mrs. Osborne Jeffries, Mrs. J. T. Mock, Mrs. Stanley Gales, Mrs. Grace Higley and Miss Alice Marquette.

The old-fashioned method of storing fine white table linen by wrapping it in blue paper is still a good one. The blue paper will prevent the linen from turning yellow.

Betrothal Announced Of Marion Frederick

The engagement of Miss Marion Frederick, 175 West Church street, Lock Haven, to Armand L. Shaner, 623 Hanover street, was announced recently at a buffet dinner in her home.

Miss Frederick's daughter of Mrs. Mabel S. Fredericks, Lock Haven and Dr. J. Wynn Fredericks, Gardena, Calif., is a sophomore at the Lock Haven State Teachers college. Mr. Shaner is the son of Mr. and Mrs. Warren Shaner, Pottstown. He was graduated from Pottstown High school, class of 1940, and is a physical education major at the same college.

Church Groups Meet In Various Homes To Make New Plans

Members of the various circles of the First Presbyterian church met in different homes recently to sew, make patchwork quilts and discuss plans for the future.

Mrs. Robert Stuart, 987 North Hills boulevard, entertained members of the circle two at a luncheon in her home, with Mrs. Harry Shope presiding at the business meeting. She was also in charge of the devotionals. Mrs. Fred Sohn read the secretary's report.

Another report was also given by Mrs. Rae Morris, while Mrs. John Stuart reported on the all day meeting in Philadelphia. Plans were made for the annual mother-daughter banquet May 27. As the circle members talked and planned, sewing kits were made for the bazaar which will be held in November.

Circle three met at the home of Mrs. A. H. Simpson, Park Court, at which time a luncheon featured the meeting. Devotions were led by Mrs. Raymond Thomas and reports given by Mrs. LeRoy De Prefontaine and Mrs. Mary Kurtz.

THE CIRCLES patchwork quilt has been completed and will be sent to the Kentucky mission. Mrs. Charles Lepper gave a report of the recent Presbyterian meeting in Philadelphia, following which a quiz program was conducted by Mrs. Allan Moore with high scores going to Mrs. Leonard Leaf and Mrs. DePrefontaine.

Mrs. Wilbur Riley entertained members of circle four at her home at 913 High street. Following the luncheon Mrs. Paul Witman called the meeting to order and conducted a business session. Devotionals were led by Mrs. Charles John while reports were given by Mrs. Russell Adams. Mrs. Horace Ludwig distributed sewing materials of pin-fore to be made and toys to be stuffed for the coming bazaar.

Work on these articles progressed nicely. Reports of the Philadelphia meeting were given by Mrs. George Robins and Mrs. Witman. The next meeting of the circle will be held at the home of Mrs. Witman in Douglassville at which time a box luncheon will be held.

Serve carrots mashed occasionally; after they are cooked just put them through the ricer and then mix well with salt and pepper to taste and a little cream.

Anniversary Celebrated By Pottstown Galax Club

On the occasion of their 15th anniversary, members of the Pottstown Galax club entertained 30 members of the Philadelphia Galax club at the home of Mrs. George Bullard, Grandview road and Rose-dale drive, at a tea yesterday afternoon.

Pourers for the occasion were Mrs. Henry L. Shelp, president, and Mrs. John Staman, vice president, of the Philadelphia club.

The clubs are named for a leaf which is peculiar to North Carolina, where they support three students in the Christ school at Arden. The Philadelphia club was started 35 years ago at a time when Mrs. Shelp and her husband was traveling through North Carolina and a 15-year-old boy pulled their car out of a mud hole. He told them of his ambitions to go to school and upon their return home she asked some of her bridge playing friends to join a club at which there would be no prizes but only dues to be paid for students to attend this school.

Mrs. J. Robert Gray brought the idea to Pottstown where a similar club was started 15 years ago.

1938 Class Reunion Scheduled Tonight In Elks' Ballroom

Informally will be the keynote of the evening when the Pottstown High School class of 1938 stages its ten-year reunion at the Elks' home tonight.

For some members it will be the first opportunity since graduation day to renew schooltime friendships, since the five-year reunion of the class was held during a wartime year and necessarily limited the number of members who could attend.

Festivities will begin at 6:30 o'clock with a dinner. Later in the evening there will be dancing to the music furnished by a local orchestra and informal entertainment in charge of class members.

More than a hundred persons are expected to attend including class members, their wives and husbands, and friends. Honor guests for the evening will be Mr. and Mrs. Clarence Yocum and Miss Dorothy Yohn. Mr. Yocum and Miss Yohn are the class sponsors.

BARCLAY ON BRIDGE

By SHEPARD BARCLAY

Strategy As in War

WINNING strategy in bridge is much akin to that in successful warfare. Often it consists of keeping the enemy uninformed — or, better, misinformed — about your own situation and what you are doing, while knowing exactly what he has and what he is up to. A man who can display a genius for this sort of thing at the bridge table should also be able in helping plot the defense of his country. In fact, just such a man is — and how!

The South player was then Lieut. Alfred M. Gruenther, a young instructor of electricity and chemistry. He later became a famous bridge tournament director, secretary of the Vanderbilt Cup committee and honorary member of the American Contract Bridge Society.

Trojans Hand Coatesville First Section 3 Defeat, 13-12

MIGNONA'S HIT IN 9TH SCORES WINNING RUN

Using a 14-hit attack as its main weapon, Pottstown High knocked Coatesville High out of first place in Section Three of the Philadelphia Suburban conference yesterday afternoon, but the Trojans had to go nine innings to do it with a 13-12 victory.

The lead changed hands four times before the Trojans were able to mark their fourth league victory in the record book. Coatesville had to come from behind in the bottom half of the sixth inning to tie the score and send the game into extra innings.

Norm Sundstrom, Bill Mignona and Homer Royer took the spotlight in starring roles for the Trojans. Sundstrom, with three hits in four appearances at the plate, led all Trojan batters. He smacked a 350-foot home run into a swimming pool in deep left field with two mates aboard in the third inning to put the Trojans ahead at 3-2.

ROYER CAME IN to relieve Charley Jenkins on the hill in the fourth inning in the midst of a big Coatesville rally. The Trojan right-hander then went the last five innings, limiting Coatesville to five hits to gain his second win of the year.

Mignona, however, was the hero—coming through with his only base hit in the ninth inning to drive in the winning run. Joe Axsmith doubled to left field after Bath had grounded out, and Mignona sent the Trojan base runners across the plate with a single to right.

The defeat dropped Coatesville into third place—one-half game behind Pottstown. Pottstown trails West Chester by one-half game. The Warriors took over first place yesterday by defeating Berwyn, 11-4.

A's Defeat Indians, Take First Place in American League

PHILADELPHIA, May 6 (AP) — The Philadelphia Athletics went to the top of the American league the hard way today, battling Bullet Bob Feller for eight runs in three and a third innings to defeat the Cleveland Indians, 8-5.

This fifth straight victory was doubly sweet for Connie Mack, as Dick Fowler proved his sore arm a thing of the past. The tall Canadian gave up eight hits in his first start, and with the exception of his home run pitches to Ken Keltner — with the bases loaded — and to Joe Gordon, he kept the Indians in hand.

It was Feller's second defeat against two victories. The big fellow never seemed to recover from that bad first inning when the A's were teeing off on his high fast one for four runs.

AT BOSTON, Detroit overcame an early two-run deficit to save one game of the three-game series at Fenway park by defeating Joe McCarthy's Red Sox, 8-3.

The Beantowners knocked Hal Newhouse, who has lost his past three starts, out of the box in the first inning with a three-run outburst.

Hal White, who relieved Newhouse in the first, blanked the Sox for the remaining eight innings to gain the victory.

Bobby Brown's two-run homer in the eighth inning, perilously close to the right field foul line, gave the New York Yankees a 6-5 victory over the stubborn St. Louis Browns in New York.

BROWN'S BLOW, following a pinch double by Ed Stewart, touched off a storm of protests by the field with towels. Many of the tilters motioned that they thought the ball was foul.

Allie Reynolds, who lifted for Stewart in the eighth, was credited with his fourth straight win, tops in the majors.

In the only night game played, Washington won a 5-0 decision from Chicago's White Sox under the stars at Griffith Stadium in Washington.

In the National league, the only game played today saw the New York Giants snap Pittsburgh's winning streak at six games by defeating the Pirates, 9-2, at Pittsburgh.

Johnny Mize, who missed the past two games due to a leg injury, made known his return to the lineup by driving in three runs with three hits, including his fourth homer.

Colonels Upset Pennsburg, 3-1, Tie Bulldogs for League Lead

Collegeville, rated as a second-division ball club in pre-season reports, climbed into a tie for first place in the Upper Montco league yesterday afternoon by upsetting Pennsburg High, 3-1, at Collegeville.

Pennsburg, who had been holding first place without much trouble, sent their ace pitcher—Hal Yerger—against the Colonels yesterday in a vain attempt to stop the onrushing Collegeville team.

Collegeville, however, greeted Yerger with six base hits—two of them going for doubles off the bat

of Gerry Claycomb. The Colonels tabbed two runs in the first inning on Claycomb's double, a walk to Bruce Stevenson, two stolen bases, a passed ball and a single by Richard Claycomb.

EACH TEAM scored once in the third inning, bringing the final count to 3-1.

Gerry Claycomb went the distance for Collegeville, limiting Pennsburg to three singles during the seven inning tussle.

In another Upper Montco league game yesterday, Schwenkville

handed Royersford a 6-4 defeat at Royersford.

Butler Cleared Of Suspicion At Home Of Wealthy Contractor

A local contractor recently began questioning his butler about the money outlay for whiskey. The butler, being a gentleman's gentleman, winced at the necessity, but was forced to go easy on serving guests mixed drinks. A lucky incident recently cleared up the situation.

On a trip to the State Store, the butler happened to stop in to pass a word with friends at a nearby tavern. While there, he took the advice of a practical bartender and had a jigger of Four Queens 100 Proof. Just one swallow and it flowed down like honey. "Boy, oh boy," he said, "that's whiskey!"

At the State Store, he threw

habit to the winds and instead of the usual 85 and 86 proof brands, he ordered Four Queens 100 Proof. At the next party he served drinks liberally again and convinced his employer that he wasn't being extravagant. Just a look at the State Store receipt for only \$3.99 for the full 4/5 quart proved that Four Queens goes much farther and tastes much better.

Everyone can enjoy Four Queens 100 Proof—millionaire or working man. At all State Stores, it's \$3.99 for 4/5 quart. Four Queens—a blend—produced by Kasser Distillers Products Corporation, Philadelphia, seventy per cent grain neutral spirits... advt.

BERKELEY, Calif., May 6 (AP)—Cutter laboratories today recalled from hospitals throughout the country their entire line of solutions for mass injections through the veins. Discovery of contamination in another shipment of the company prompted the action.

Dr. R. K. Cutter announced the recall as "the only step to be taken in the interests of public safety."
